CONDITIONER

An indispensable item for the daily fight against dryness, the Brazilian Conditioner intensifies cuticular sealing, protects against dehydration and inhibits the formation of excessive frizz and split ends.

MASK

The Brazilian Mask replaces the lipids that restore shine and eliminate the dullness of the strands. The combination of Shea Butter with Coconut and Macadamia Oils develops a protective layer around the capillary cortex that combats oxidation, promotes water retention and preserves active conditioning, essential requirements for a healthy aesthetic.

Daily Protection and Shine

STEP BY STEP:

1- Wash your hair 1x to 2x, as needed.

2- Remove excess water and apply the mask strand by strand. Massage the strands well and let it act for 10 minutes.

3- Rinse 100% under running water.

4- Apply the conditioner and massage well.

5- Rinse 100% under running water.

6- Remove excess water and apply a generous amount of Leave-In. Spread all over the length and ends of the hair.

7- Ends with a blow-dry or as you wish.

ADDITIONAL TIPS:

Avoid applying mask to the scalp.

Attention in the indication: The nutritious action is developed by oily agents rich in fat, hair with a lot of natural oiliness can feel heavy.

At home: Use the mask only 1x a week or as instructed by a professional. Hair needs a few washes to naturally stabilize deposited nutrients and vitamins.
